A Little History!

The town of Herndon sits on land that once belonged to Robert "King" Carter, Jr. and Thomas Barnes through King's grants. Originally a small crossroads and farming community, it began to grow in importance as the port city of Alexandria was looking to expand the Loudon and Hampshire railroad during the mid 1850s. The rail depot was built in 1857 and the rail lines reached Herndon in 1859. More buildings and stores were built as people moved into the area. Soon a small town developed with dairy farming as the main industry.

On July 13, 1858, the town was named Herndon after Captain William Lewis Herndon, a Naval hero who went down with his ship, the *Central America*, on September 12, 1857.

The building you are in is believed to have been built in 1897 and was originally both a Tavern and General Store. Many tenants and businesses have come and gone since 1897, including a grocery store, sporting goods store, and a butcher shop! Some local residents will tell you the story of Walter, a friendly ghost who resides here at *Jimmy's!*

After signing the lease on November 11th, 1996, and after countless hours of planning and renovating, proprietors Jimmy, Maureen and Kelsey Cirrito opened *Jimmy's* doors on May 29th, 1997, and are happy to have become a part of Herndon's rich and diverse history. We at *Jimmy's* sincerely hope you'll enjoy the oak, brass and antiques, as well as our commitment to impeccable service and products.
